

### Area of Application

ESSVE Drywall screws are intended for the installation of Drywall boards indoors against steel joists. Drill capacity 0.4-0.9 mm.

### Description

The screw is straight collated manufactured of hardened carbon steel with phosphated or bright zinc plated surface treatment. It is equipped with Philips crosshead Ph2.

ESSVE Drywall screws are suitable for the most common auto-feed screwdrivers available on the market.

### Installation

Machined bits are recommended when fitting collated drywall screws.  
Recommended rpm: 25-50 mm 2800-4700/min

### Specification
