

HAMMER DRILL SDS-PLUS, 4 CUTTER

AREA OF USE

ESSVE 4 Cutter Hammer drill bit SDS-Plus is designed for drilling in hard solid materials for example concrete and brick.

DESCRIPTION

ESSVE 4 Cutter Hammer drill SDS-Plus is made of high-grade special steel and has a 4-cutter hard metal tip, which gives an excellent drilling result with a minimum of vibration. The unique symmetric drill head's geometry together with the design of the drill-spiral guarantees a precise drill hole, in terms of centring, hole dimension and the transport of drill cuttings. The efficient transport of drilling cuttings facilitates and increases the speed of the drilling process. The drill bit is made in Germany and is tested regularly by the German PGM, Prüfungsgemeinschaft Mauerbohrer.

Standard Pro Pack						
Item no	Length	Drill bit diameter	Flute length	Drill holder	Number of cuts	Contents
229001	115 mm	5 mm	50	SDS PLUS	4-cuts	1 PCS
229003	165 mm	5 mm	100	SDS PLUS	4-cuts	1 PCS
